The Columbus Daily Courier has
been in C. E. Koffman and his asso-
ciates because C. E. Koffman has
faith in the Valley oil well. He
knows no better than any other
man in the country what oil products
are at this particular well. In
this issue of the Daily Courier he
specifically states in a signed state-
ment that HE AND HIS ASSOCIA-
TES DO NOT REGARD OIL WELL
THERE OF THIRTY FEET AS ALL
RIGOROUSLY ACQUIRED LEADS
BECOME WELL AND WORD. But
does that suit you?" It then
goes to the Daily Courier, and the
Daily Courier is for C. E. Koffman
and Harry Whitmore, one of his
associates. Tonight there will be a mass
meeting at the Community House
and all interested should be there.

marriage of a widow it was the

Baby Temperatures.

The average body temperature is
98.6 degrees Fahrenheit, but it varies
within a few degrees with the time of day and various other factors.
It is usually 97.2 degrees in the morning and 99.2 in the afternoon.
Exposure and exercise may raise
it from one to several degrees. Ne-
cessities may cause sudden changes
either higher or lower.

MEXICAN OFFICER UNAWARE**

Alberto Aguirre, a printer in the employ of the Daily Courier for several months past, and a good printer, too, departed for El Paso last night, from which point he will leave immediately for Mexico City.
Aguirre was an educated Mexican and a former officer, but for several years has been a refugee from that country. Now that the old regime is again in power, he will return to Mexico City. He was vaccinated at the Chapultepec Military Academy.

Aguirre said that General Alvaro Obregon had issued a call for all Mexicans to return to their native land, regardless of party affiliation.

BETTER THAN INCUBATOR.
RIO VISTA, Cal., May 21.—By Associated Press.—A woman living near here recently set a box of eggs in a corner of her room because there was a water pipe kept constantly warm by a fire in the room above. She planned to keep the eggs until the price would go up. Instead, she heard the chirping of chicks, and on investigation found that 42 little ones had hatched.

**John Tolias Thinks Well
of Goldsmith Maid
Copper Co.**

Two miles from the railroad
forty-five miles from Glendale and
fifty miles from Tucson, Arizona,
in Cochise County, is located the
Goldsmith Maid Copper Company, a
corporation which is developing
ore and retaining miners on the
spot, already in sight, which opportunity
will make everyone connected
with the corporation rich.

T. F. Forrester, representing the
company, was in Columbus last
evening and made an agreement with
John Tolias to represent the company
in Columbus. Mr. Tolias goes to
Albuquerque next week to meet with
the managers of the mine. He has
received enthusiastic support. Mr. Tolias said

HAS WONDERFUL WATER-PUMPING PLANT

W. L. Tolias of Los Angeles, and the wonderful water-pumping plant. This new machine, anchored in stainless steel back and forth, pumping the two gallons of water a minute, and will make it possible to irrigate thousands of acres of land now arid.

he himself had to be convinced that Tolias would attempt to sell stock to his friends in this city.

John Wilson Ross, attorney for the company, and T. F. Forrester, president, showed Mr. Tolias around the works, and Mr. Tolias says that it has come to Columbus could see this wonderful property as he saw it he would have little difficulty in selling all the stock necessary. Mr. Tolias returned with pocketfuls of ore samples and a contract showing what to think of this mining company, which is destined to be one of the best producers in the country.

Mr. Tolias says that at a recent meeting of the stockholders the Goldsmith Maid Copper Company offered \$500,000 for the property and gave as his authority H. G. Randel. The Goldsmith Maid people turned the offer down and intend to give the public a chance to share with them in the big things to come. The company needs money for the purpose of machinery and materials to start operations August 10. Mr. Tolias went down an 80 foot shaft and says that he is satisfied this mine will be one of the sensations in Arizona.

The Goldsmith Maid Copper Company shares are now at par value but will be worth double the money in a short time.

Mr. Tolias states that T. F. Forrester owns \$100,000 worth of stock and that Attorney J. W. Ross is another large owner, and that the money received from the sale of stock in Columbus will be remitted to Attorney Ross, Box 1209, Bisbee, Arizona. The manager of the company is the well known J. C. Farmer, Hotel Columbus. The company is incorporated under the laws of the state of Arizona for \$1,000,000. Par value of each share \$1, fully paid and nonassessable. The company owns nine claims in the Cadiz district. The company also owns 30,000 and 90 days' time.

John Tolias has lived in Columbus for four years and gives as his personal reference the Columbus State Bank. While he admits that while in Columbus he has been compelled to make a living at various occupations, his real vocation is mining, and for years he was employed in the Toleridge Gold Mine of Denver. Alberto Aguirre, a printer in the employ of the Daily Courier for several months past, and a good printer, too, departed for El Paso last night, from which point he will leave immediately for Mexico City. Aguirre was an educated Mexican and a former officer, but for several years has been a refugee from that country. Now that the old regime is again in power, he will return to Mexico City. He was vaccinated at the Chapultepec Military Academy.

Aguirre said that General Alvaro Obregon had issued a call for all Mexicans to return to their native land, regardless of party affiliation.
